

# Scrap Coasters

by Deborah Gardner

Based on the original Simply Sensational Throw by Beth Caulfield

I wrote this pattern for my knitter friends who had to practice because they were unsure if they could grasp this. Adjust the number of stitches to make a pillow! It is a great way to use up all of those scraps.

## Materials:

- 10 – 15 yds of bulky yarn (MC) The sample uses Berroco Vintage Chunky.
- 5 small balls of scrap yarn (a variety of textures, weights, etc. works best)
- size 10 circular needle
- size J crochet hook (for original border)

Gauge: 12–15 sts = 4". Gauge is not critical but should be within this range.

Size: Approximately 4" x 4" with knitted border.

Pattern is in multiples of 4 plus 3

## Notes:

- You will not be cutting MC. Carry MC along the edge, twisting with scrap at the beginning of the third scrap row.
- Weave in ends as you add scraps. (Instructions are provide on page 3.) *Hint:* Work at least 2 rows before cutting ends.
- Coaster is shown with Knitted border.
- Consider a provisional cast on if adding a ruffle or border. This will require a smooth, bulky yarn in a contrasting color.

*Hint:* If you are not sure if you have enough yarn to complete these instructions as given (or have yarn to use up), try this. Weigh or measure your yarn. With two balls of yarn, work a long edge and a cast on edge. Bind off before using up half the yarn. You should now have enough yarn to finish the other two sides.

Repeat between \* \*.

Using conventional bind-off, bind off all stitches.

## Weaving in ends as you knit

Knit one stitch with the new yarn.

Step 1: Insert right-hand needle into the next stitch to knit. Lay the tail end of the yarn over the needle. (See Figure 1.) Knit the stitch as usual (bringing the needle under the tail). Be sure not to knit the tail with the working yarn.

Figure 1

Step 2: Note that the tail is held in place by the index in middle figures. (See Figure 2.) Knit the next stitch as usual. The tail is now locked into place.

Figure 2

Repeat Steps 1 and 2 three or four times to securely lock the tail.
